PROFESSIONAL SUMMARY

Product and UI/UX Designer focused on building intuitive, user-centered digital experiences that solve real problems. Experienced in designing end-to-end product flows, wireframes, and interactive prototypes using Figma. Strong foundation in design thinking, usability principles, visual hierarchy, and responsive design. Comfortable collaborating with cross-functional teams and translating ideas into functional, visually consistent interfaces.

PROFESSIONAL EXPERIENCE

UI/UX Designer (Contract) — Tech4Dev

Sept 2026 – Present (Remote)

- Led the end-to-end design of the *Tech Girls Squad Volume 1* advocacy book website, translating the book's purpose into a cohesive digital experience.
- Designed book ordering flows for individual purchases, gifting, and school orders, including quantity selection and automatic price calculation before payment through Paystack.
- Defined the website's visual direction, page layouts, and interface elements to align with the book's identity and target audience.
- Created responsive mockups, reusable components, and a design style guide in Figma.

Customer Service Representative (Intern) — Sterling Bank

Mar 2026 – Aug 2026 (Onsite)

- Assisted customers in resolving issues related to the bank's mobile app and guided them through troubleshooting steps.
- Responded to customer enquiries about banking services and account-related issues, escalating cases when necessary.
- Supported daily customer service operations, ensuring customers received clear guidance and assistance.

Product Designer (Intern) — Brandcery

Aug 2025 - January 2026 (Remote)

- Designed user interfaces and interactive prototypes for client and internal digital products, supporting both web and mobile experiences
- Translated product requirements into clear user flows, wireframes, and high-fidelity UI screens using Figma
- Collaborated with designers and stakeholders to iterate on designs and deliver usable, visually coherent solutions within deadlines
